

Third Crossing Project Community Report

November 1, 2018 - November 30, 2018

Community Meetings & Events

- 1. November 2, 2018: Queens University meeting with Geo-Engineering students as part of “Geocolloquim”**
 - About 20 people were in attendance
 - Presented information about the geological and geotechnical aspects of the Third Crossing and how that influenced the preliminary design of the bridge as well as planning and optimization efforts
- 2. November 21, 2018: Third Crossing team members joined a panel about the Advanced Procurement Practice**
 - Two members of the Third Crossing team, Dan Franco and Alan McLeod appeared at Osgoode Hall professional development program in Toronto.
 - They joined the legal counsel from the City of Toronto and the Toronto Transit Commission on a panel to discuss the Third Crossing Project as an example of the use of flexible procurement formats in major procurements.
 - The Integrated Project Delivery (IPD) process was recommended in the 2017 Third Crossing Business Plan and is currently being employed by the City of Kingston.
 - The IPD model was a topic of great interest for public procurement specialists at the event. In particular, Dan Franco’s description of our success in bringing the contractor, the designing engineers and City staff together collaboratively attracted comment from a number of municipalities interested in following a similar model.
- 3. November 22, 2018: meeting with No Third Crossing group**
 - Met with two members of the No Third Crossing group along with the City Treasurer and the Manager of Intergovernmental Affairs
 - The meeting came from a commitment from the Mayor to connect the group with the city treasurer to answer overall questions around the city finances and how the city will incorporate the Third Crossing
