## Happy Holidays

From all of us at the Third Crossing project team we want to wish you all the best for a Happy Holiday with family and friends.

Thank you for staying connected and providing your feedback on the project as we get closer to the start of construction in the summer of 2019. We look forward to continued engagement in 2019 with community consultation on our environmental work (Detailed Impact Assessment) and the evolution of the Detailed Design of the bridge. More information on that engagement will be available in the coming months.

All the best,  
Third Crossing Project Team

### About The Third Crossing Bridge

Once completed, the new 1.2 km bridge will connect the east and west sides of Kingston over the Cataraqui River. The two-lane bridge will improve emergency services, increase active transportation through a multi-use pedestrian and bike pathway, create greater business connectivity and enhance the quality of life for the residents and visitors of Kingston. The bridge is jointly funded by the Government of Canada, the Province of Ontario and the City of Kingston.
