**Do you live near the third crossing? Join a near neighbour mailing list for information**

**Do you live in Point St. Marks neighbourhood or the Riverpark condos or Skyline Living Buildings?**

Starting the week of March 25, 2019, residents can anticipate more site activity on the east and west shores for the Third Crossing. As discussed at our recent near-neighbour meetings on [February 11, 2019 and March 5, 2019](#) there will be increased early work and site presence starting in March and continuing through the Spring, including installing construction safety and environmental protection fencing, delivering site trailers, and select tree removal.

If you live close to the project on the east and west shores and would like information about the work happening in your neighbourhoods please send us your email address to receive our email updates. As the Third Crossing newsletter provides City-wide project updates we are making two near-neighbour email lists for the west and east shore to ensure residents impacted by construction activities are getting specific information about their neighbourhood.

Please send your email address to [thirdcrossing@cityofkingston.ca](mailto:thirdcrossing@cityofkingston.ca) identifying if you are an east or west side near neighbour and we will add you to our near neighbour email lists.

You can view the East and West Shore Work Notices [on our website now.](#)

Greatly appreciated,  
The Third Crossing Project Team

---

### **About The Third Crossing Bridge**

Once completed, the new 1.2 km bridge will connect the east and west sides of Kingston over the Cataraqui River. The two-lane bridge will improve emergency services, increase active transportation through a multi-use pedestrian and bike pathway, create greater business connectivity and enhance the quality of life for the residents and visitors of Kingston. The bridge is jointly funded by the Government of Canada, the Province of Ontario and the City of Kingston.
